

Education Equipment

Proposal

PLAY 'n' LEARN
Developing Creative Minds

Thank you for the opportunity to present you with this proposal, showcasing our playful learning resources and furniture, which have been carefully selected for quality and educational benefit. Every product contained in this proposal has been carefully sourced, or manufactured in-house to meet Play'n'Learn's strict ethical purchasing standard.

This proposal is accurate at time of quoting. Prices valid for 30 days following date of issuance.

Our Vision

**Enabling educators to create
playful learning experiences
that develop creative minds.**

Our Values

**Our four values describe how we
CARE for our team, our partners and
stakeholders, and above all, our clients.**

Creative

We are creative.

After all, we're in the business of developing creative minds, and that includes us! Creativity leads to better, more sustainable solutions for our clients. We create the right conditions to allow everyone at Play'n'Learn to be curious collaborators, ensuring creativity and innovation flourish at every level of our company.

Above & Beyond

We go above & beyond.

Our clients are educators who go above & beyond for tamariki everyday – we exist to support them in every way we can. We learn fast and we acknowledge our clients are our most important stakeholder. We strive to exceed their expectations in every interaction. We go above & beyond, so our clients can too.

Responsible

We are responsible.

We've been here for our clients for over 25 years, always striving to build on our strict standards and proving our reputations for reliability. We are responsible and can be trusted to guarantee the safety and success of our work. By taking pride in our products we ensure the environments, furniture, and resources we deliver are exceptional and reliable.

Excellence

We live and breathe excellence.

To us, being excellent as a team and as a company means we act with integrity and always strive to do better by our clients, communities, partners, and our environment. We believe excellence is a habit that we prove by showing careful attention to detail. Every product we produce is carefully sourced or manufactured in-house to meet our strict quality and ethical sourcing standards.
